E27/2xE27 light sources adapter/extension

Marka: **Virone** | Symbol: **LH/E27/2XE27-16** | Ean: **5908254828584**

PRODUCT DESCRIPTION

A light source adapter, in other words a light bulb splitter. By installing it in a single socket with an E27 thread, space can be gained for the installation of up to 2 x E27. The light source adapter is designed for 230V~, 50Hz, and is made of plastic and aluminium. It also allows the light source to be precisely adjusted in selected directions.
